ANNEXURE-A

PROCEDURE FOR CLAIMING PAYMENT

The bidder should note carefully the following procedures for claiming payments. CG Power Transmission Co. Ltd., (CSPTCL) shall not be responsible for any delay in release of payments whatsoever due to non-compliance of any of the instructions, which are detailed hereunder:

1. CSPTCL reserves the right to accept materials either at project sites or in Transmission Stores. Normally, power transformers, circuit breakers and other heavy equipments are received directly at substation sites. The place where the equipment or material shall be received is clearly defined in the tender document.
2. The bidder will have to prepare MRC-wise invoice for full quantity and full value of the equipment covered under the MRC, which is to be claimed by him as per terms of the contract. This is necessary, since in case part payment is claimed by the supplier, then at the time of claiming balance payment, original MRC will not be available, which will result into delay in payment of subsequent invoice.
3. For claiming all type of payments, the documents complete in all respects in **quadruplicate should be submitted to order placing authority** only.
4. All major payments will be released directly by CSPTCL within time bound schedule. If any loan assistance is received from any financial institutions the same will be intimated to the successful bidders by the order placing authority.
- 5.0 Since payments and other payments if any specified in the tender document, are required to be made separately, it is necessary that there should be some procedure to interlink all these payments equipment-wise/lot-wise. For this purpose, it may be noted by the bidder that while claiming all these payments, the MRC number and date and name of Transmission Stores and destination should be clearly mentioned on the right-hand top of each invoice. In case this is not done and the documents are not linked properly, responsibility for delay in payment will rest on the bidder.
- 6.0 **Procedure for claiming 80% payment.**
 - 6.1 For claiming 80% payment along-with 100% freight charges and 100% GST, the following documents will have to be submitted to order placing authority.
 - 6.1.1 Invoice in quadruplicate duly inscribed with MRC number along-with documentary evidence and name of consignee/destination.
 - 6.1.2 The invoice should be prepared strictly using the description given in Schedule-I, otherwise any deviation may result into rejection of invoice because the Finance Department may consider that either technical specification of equipment supplied is different or some of the accessories have not been supplied.
 - 6.1.3 A clear certificate mentioning invoice number, MRC details and name of consignee as per specified Proforma (which will be made available along-with purchase order) should be submitted to certify that there is no negative price variation on the date of inspection call of the equipment/material covered under the invoice claiming payment.

- 6.1.4** In case there is any negative price variation, detailed calculation should be submitted along-with invoice duly supported with certified IEEMA circulars and basic price may be reduced to the extent of negative price variation.
- 6.1.5** Certificate for completeness of equipment as per specified schedule enclosed with the detailed purchase order as per Proforma specified by the order placing authority.
- 6.1.6** Copy of Lorry Receipt/MTR.
- 6.1.7** Packing list and bill of material duly certified by the supplier, which should be prepared package-wise indicating package number to facilitate identification of content of various packages.
- 7.0 Procedure for claiming 20% payment:** - Balance 20% payment shall be released after submission of invoice along with certificate towards successful Installation, Testing, Commissioning and Demonstration cum Training of equipment with all accessories after completion of 30 days period from the date of submission of invoices.
- 7.1** For claiming this payment the following documents will have to be submitted to order placing authority.
- 7.2** Invoice in quadruplicate duly inscribed with MRC number along with documentary evidence and name of consignee/destination with certificate from the concerned AE/EE in charge of the destination substation site

8.0 Bank charges

In respect of all payments, which will be released by CSPTCL within specified period, no bank charges will have to be borne by the bidder.
